

Clouds of white smoke billow around firefighters attempting to halt last Friday's fire in a house trailer at 5020-44 Street.

Firemen Respond Twice In 20-Below Weather

Members of the Drayton Valley Volunteer Fire Brigade fought two fires on Friday with the mercury hovering in the minus-20 range.

First alarm came at 11:40 when firemen were called to the John Sullivan house trailer at 5020-44th street. Flames were shooting from beneath the trailer at both

ends when firemen arrived on the scene.

Heavy damage was caused to interior and exterior of the trailer and contents in the blaze. Fire Chief Elmer Madsen said the fire started under the trailer where a propane torch was apparently being used to thaw frozen water pipes.

The fire broke through the floor in the main bedroom and heavy damage was caused in this area.

Firemen were still at the house trailer fire when the second alarm was sounded at 1:30 p.m. for a fire in a truck on Industrial Road.

The steam unit of the truck owned by J and A Trucking was also heavily damaged. No injuries were suffered at either fire.

Firemen remained at the scene of the house trailer fire for almost four hours before the fire was completely extinguished.

Fire Chief Elmer Madsen said the weekend cautioned against using open flames to thaw water lines during severe weather. The Fire Chief suggests that no type of heat, other than electrical heating tapes, should be used for this purpose.

Big Night For Rebels' Sam Belcourt

Playing coach, Sam Belcourt rewrote the Rebel's record book with a six-goal performance in last Thursday's game against the Fort Saskatchewan Huskies.

Another high-scoring Rebel, Henry Hodgson, scored five goals in a game earlier in the season.

Belcourt started out with his first goal 29 seconds after the opening whistle and followed with two more at 4:48 and 12:39. He scored again at 16:23 and 16:42 of the second period and made it an even half-dozen at 5:11 of the third period.

competition state that a competitor must have participated in at least four sanctioned ring matches prior to the tournament in order to qualify. Some may have less experience than others as several of the boys in this tournament will have 50 or more bouts to their credit.

It must be remembered however that this is an Open Junior Tournament and any competitor may have to compete against a much more experienced boxer in his weight division.

The four boys from Drayton Valley taking part in the Silver Gloves are Ray Duperron, Rick Klippert, Eddie Lauer and Stephen Strickland.

It is now expected that Duperron will enter the tournament in the 139 pound class. With more than 50 bouts behind him Ray will be one of the more experienced boys and undoubtedly will be one of the outstanding performers in

Drug Stores Gain Sales Freedom

A recommendation by the Retail Merchants Association was accepted at last Thursday's Town Council meeting and the store hours bylaw will be amended to give drug stores more leeway in sales during times when other businesses are closed.

The Merchants Association met Wednesday evening to discuss the matter brought up by Drayton Valley's druggists just before Christmas.

Mr. Alf Armstrong of Pembina Drug and Mr. Dick Keldson of Valley Drugs approached council at that time stating that restrictions on sales other than prescriptions or medical supplies were causing unpleasant customer relations. They asked that they be either given freedom from the bylaw's restrictions or that the bylaw be rescinded leaving hours of business in the hands of individual merchants.

The recommendation from the Merchants Association was that one drug store, on a rotating basis be allowed to remain open for unrestricted sales between 2:00 and 5:00 p.m. on Sundays and between 1:00 and 6:00 p.m. on

Mondays.

Town Council accepted the suggestion after brief discussion and moved to amend the early closing bylaw to permit the change.

Some of the action in last Tuesday's crucial game between the Rebels and Wetaskiwin Colonels.

TWO WINS KEEP REBELS AT TOP OF STANDINGS

BY DOUG BARNES

The Rebels came out on top of an 8-7 score over the Wetaskiwin Colonels last Tuesday night. This was the best hockey we have had here this season.

The Rebels were led by a three goal performance by Art Assman, who also picked up one assist.

This was a good hard-hitting, clean hockey game. There were two high-sticking penalties out of the 12 called by referee Ernie Boruk.

Barry Pankewicz in the net for the Rebels, played, I thought an outstanding game, stopping 36 shots. He also was having a bout with the flu.

Ross MacEachern of the Colonels also picked up three goals and one assist.

Thursday night's hockey game against the Fort Saskatchewan Huskies was just the opposite to

the Tuesday night game. This was a bad hockey game. The Rebels led by a six-goal night by Sam Belcourt. Set the Huskies down 14 - 2. I have never seen the Huskies play so badly. They lost their game before they got out of the dressing room.

Saturday night at Barrhead, the game started under protest by the Rebels. The ice was very rough from the roof dripping be-

Minor Hockey Week Starts Saturday

Each year a week is set aside throughout Canada to give towns an opportunity to show off their young hockey players. It's a chance to pay tribute to men and ladies who spend so many hours organizing and operating leagues and games for the youngster.

Out of such work comes better bodies, healthier minds, better boys and better citizens.

Perhaps even some of Drayton Valley's boys will become members of the Canadian National Hockey Team -- all because they had a chance when they were young to learn hockey skills.

Keep in step with Canada and see the following tournaments as scheduled by the Minor Hockey Association.

Friday, January 21, Ponoka vs Midget - 8:00 p.m. Official opening.

Bantam A Tournament -- Saturday, January 22, Voyageurs vs Stony Plain.

Midget A Tournament -- Sunday, January 23 with four teams playing.

Bantam Nite -- Monday, January 24 with Parkland, Bambees, L.B., and Alder Flats playing.

Midget Nite -- Tuesday, January 25 with Rebels, Trojans, T Thorsby, and Evansburg playing.

Pee Wee Nite -- Wednesday, January 26 with Lions, Elks, Rotary, D.V. Ford, Norette, and Tomahawk playing. (Finals on

Saturday).

Mighty Mite Nite -- Thursday, January 27 with the Swanees, Dowell, A.M. and Triple E playing.

Senior Rebels vs Fort Saskatchewan at 8:30 p.m. (all Minor Hockey Players Free who wear Booster tag).

Pee Wee A Tournament -- Friday, January 28 with four teams expected to compete.

Mite Tournament -- Saturday, January 29 with J.A., Braidnor, Hi West and Flint competing. Also the Pee Wee Finals and the Clippers vs Didsbury.

Presentations will be made during the Saturday night games.

Remember -- Don't send - take your boy to the arena and stay to watch him play.

cause of frost melting from the warm weather. By the end of the second period the Rebels decided it was too bad to play on and refused to come on the ice for the third period.

The referees agreed that it was too rough and called the game. Barrhead Sabres were some what upset by this as they were leading 3 - 1 at the time. The situation was then turned over to the league commissioner for a decision. But at this writing we have not heard a decision on what will happen to the game. My guess is that there will be four periods of hockey next Saturday in Barrhead when these two teams meet again. There seems to be a lot of friction building up between the Sabres and the Rebels.

This coming Tuesday night, January 18th the Rebels will be host to the Westlock Eagles. The Barrhead Sabres will be here this coming Thursday night, January 20th at 8:30 p.m.

The Sabres must have a new life -- they took the Wetaskiwin Colonels last Thursday night into overtime but lost 7 - 6.

Three of our local hockey players got a shot at what is the beginning of the big-time this last weekend. Jim Tucker, Dave Smith and Larry Wall, three regulars of the Rebels, went to the coast with the Swift Current Broncos for a three game try out; playing at New Westminster, Vancouver and Victoria.

We have no report as yet how they made out. We do know that Larry Wall played in at least two games, because he got a penalty in each game which was in the Journal Scoring Summary. I'm not going to give the Scoring Summary this week for the two games played, but will insert the league statistics instead.

the tournament.

Rick Klippert will fight in the 132 pound class for the Silver Gloves. Klippert would have to be among the less experienced competitors with only six ring bouts to his credit. Rick, however, is a strong boy, likes to mix it and is one of the brighter prospects of the Pembina Club.

In the same experience category would be Stephen Strickland. Stephen will compete at 75 pounds. He has had five bouts and has proven to be a keen competitor in any event.

Strickland has potential and could well be a future star of the local club.

Last on the Pembina team will be Eddie Lauer. Eddie has had a dozen ring contests and has always proven to be a rugged and willing battler. He is an action-oriented little fellow in the ring throwing punches from all angles and should have a bright future in amateur boxing. Lauer will box in the 65 pound class in this tourney.

Last week we had a look at Breton's Knight brothers. Another top-notch boxer from the Breton Boxing Club will be featured in the Silver Gloves in the person of Kelly Standard. At 13 years of age Kelly has had 29 ring encount-

ers and has compiled an excellent record over the past three years. He was runner-up in the Bronze Gloves in 1969 and was a Silver Glove finalist in 1970. Last year was a great year for Standard. After winning the Silver Gloves tournament Kelly swept the Southern Alberta and Alberta Provincial Championships and then went on to win the Western Canadian 75 pound Championship in a tournament held in Edmonton. Standard will be competing in the 85 pound class in the "Gloves".

Among other notable entries in the tournament are Lloyd Belair from the Riverdale Boxing Club in Edmonton. Lloyd will see action in the 90 pound class.

From St. Mathews Boxing Club in Edmonton will be Darrell Quinn at 80 pounds and John Bryne in the 70 pound class.

Three entries from the Boys' Club of Edmonton were received Friday. Gordon Perreault will box in the 127 pound division. Richard Clark will go at 95 pounds and little Robert Halter will take on all comers at the 60 pound limit.

The stage is set for the big tourney and the fans can expect plenty of ring action Saturday and Sunday.

Report From Parliament Hill

By Allen Sulatycky, M.P.

The long journey of Bill C-259 through the House of Commons has placed the lawmaking process of Canada into a prominent place in the news media for some time now. In view of this interest, it would be a good idea to review what actually goes on in the House of Commons.

To be passed by the House, a proposed piece of legislation, or bill, must be read three times. This is somewhat misleading, as the text of the legislation is never actually "read" at all. It is taken for granted that all Members have looked carefully at the circulated copies of the bill beforehand.

Without exception, all bills are given first reading. This is considered a formality, being the way that all bills are introduced.

Debate then begins on second reading, usually several days or weeks after first reading. Discussion here is mainly on the principle of the bill. It is in this stage that many Members talk about things far removed from the subject matter of the bill itself.

It was pointed out by the Prime Minister on December 16, that the debate on taxation reform had covered an incredible variety of subjects. Included were "shortages of meat, fruit, and fresh vegetables in the Soviet Union", "a room in a grocery store in Minsk", "difficulties in our relations with the United States as a result of something Premier Kosygin was reported to have said", "witch doctors and going to the bathroom", and "the devil".

After the bill comes to the vote at this stage, providing of course that it is passed, it is referred to committee for clause by clause study.

Many committees sit independently of the House. At times however, as was the case for the tax bill, the committee that looks at each clause of the bill consists of all M.P.s. In these instances

the "committee of the whole House" meets in the Commons chamber.

In each of the specific area studies a bill is subjected to, there are spokesmen and critics from each party, who, being more familiar with the particular subjects involved, represent their party and other Members.

If a bill affects certain constituencies more than others, those

M.P.s who represent them will no doubt air their views. In the deliberations of the committee on an average bill, a great many Members all wishing to speak would be a hindrance, because of the repetition that would result.

To pass through committee study, all clauses, sub-clauses, and amendments must be voted on. In this light, it is easy to see why the House took four hours at this stage to vote on the three-inch-thick tax reform bill.

A third debate takes place, over specific matters in the bill, and over changes that the committee may have made in it. When the majority of the Members of the House vote to read the legislation for the third time, the bill is sent to the Senate.

A bill goes through the same process of three readings in the Senate, after which the Governor General gives it Royal Assent and it then is the law of the land.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (of the Calgary Herald)

Alberta's government has changed but the amount of money for municipalities in provincial coffers hasn't.

This is the chief lesson to be learned from Municipal Affairs Minister David Russell's announcement that the Tory government will retain the former Socred administration's \$38 million ceiling on oil royalty grants to local governments.

The new government's decision to leave the level of municipal assistance at the unpopular amount set by the Socreds is bound to prove unpopular.

Already, former education minister Robert Clark has suggested that a 6-per-cent boost in the oil royalty grants would at least overcome the effect of shrinking dollars on local government treasuries.

The move may not be particularly popular with Conservative back-benchers either, because many of the Tory MLAs campaigned hard last year against the stinginess of the Strom government in pegging the grants level.

For example, Roy Farran led a delegation of angry municipal representatives to the Legislature Building in protest against what was then termed the government's

arbitrary policy of limiting the assistance last year.

Now, Mr. Farran says he finds the Tory government's decision "humiliating and embarrassing" and when he speaks, he's the Conservative MLA for Calgary-North.

Mr. Farran, as chairman of a Tory task force on provincial-municipal finance, thought he had hammered out a workable compromise on the contentious municipal assistance grants issue this fall and that a small increase would be forthcoming in the 1972-73 budget.

But Mr. Russell's declaration to a group of municipal leaders that the grant level would be frozen pending a major review of provincial aid to local governments has proved Mr. Farran was wrong.

Perhaps more in jest than anything else, Mr. Clark offered a suggestion which would help Mr. Farran out of his embarrassment on the issue. The Tory back-bencher could cross the floor of the Legislature and sit as a Socred, Mr. Clark suggested.

Further compounding Mr. Farran's problem is the fact that the cities of Calgary and Edmonton weren't consulted by the government before the grants policy was unveiled.

Last spring, the then Tory Opposition was outraged that the Socred administration would reach an important decision affecting the municipalities without first holding public hearings on the issue.

"You must appreciate that a greenhorn cabinet will make mistakes in finesse," Mr. Farran explained on this point.

There's still plenty of time for the Tories to alter their stand before the budget is unveiled in March, but it's likely no retreat is forthcoming.

Building An Estate

A FEW PEOPLE have the short-sighted and selfish attitude that what they earn they should enjoy by spending here and now.

Most people are not spendthrifts like that. They know that pleasure enjoyed at the expense of their own or another's pain is not something to delight in. But not all of them know how to go about striking a balance between immediate enjoyment and future comfort.

The secret is to build an estate. Everyone has an estate of some sort, even if it consists only of the clothes he stands up in, but the estate that counts toward happiness and security and serenity is the one deliberately set up and developed.

The worry may not show itself, but every man is aware subconsciously of a yearning toward a feeling of financial security, and though they may stifle all signs of it, wives and children who are in the dark about the future live under a cloud of foreboding.

While a man lives, he shares with his family the advantages of his life. Upon his death, these advantages are replaced in part by a monetary benefit he has had the foresight to provide.

In its sentimental aspect a human life may be altogether priceless, but there is no denying that there are hard financial facts to be faced.

The bread-winner of the family has economic value. As long as he stays in the picture, earning money, all is serene. The family enjoys the essentials of life, food, clothing and shelter, plus as many of the "extras" as are permitted by his earning capacity. When the bread-winner is taken out of the picture his income stops, but the needs of his family continue.

Not only sentiment

This rational concept disposes of the long-held thought that it was somehow awful to attach a dollar value to a human life. The emotional upset caused by death is terrible, and the loss of affection irreparable, but the fact cannot be ignored that life must go on for those who are left. How free it is from hardship will have been decided in large part by the provision made by the affectionate bread-winner.

He will have gone about this in a business-like way, estimating the need, accumulating and conserving his resources, investing intelligently, and using all the other facilities which the modern economic and social structure has to offer for meeting the emergencies arising out of the uncertainties of life.

Doing this has a bonus value in that it makes his lifetime more secure and his retirement more free from worry. As C. Elliott Smith says in *Personal Finances* (Alexander Hamilton Institute, New York, 1956): "Building up an estate creates a sense of security in the builder himself and give him the satisfaction of having something to show for his years of effort".

To plan an estate requires that you study your own and your family's needs thoughtfully and imaginatively; that you plan practically and economically to meet those needs, and that you make sure, by consulting people who know about such things, that you are moving in the right direction.

When to do it

"When should I start?" The task is easier now than it will ever be again. To start is not to say "This is it, once and forever." A properly made plan is one that offers itself to change as time brings new responsibilities and changed resources.

The act of starting provides a strong defence against worry, insecurity, financial instability and gloom. It will not multiply your income, but it certainly will help you to stop wasteful and unrewarding leaks in your outgo. It will enable you to concentrate your firepower on the decisive targets.

You will be helped in your planning if you make a mental picture of the way you would like your family to live, and then work toward that objective. Making intelligent, co-ordinated sense out of your affairs in this way pays off in satisfaction and leaves you free to enjoy life.

In doing all this planning you can be both clear-headed and gentle-hearted. In fact, it is not being gentle with one's dependents or kind to yourself to be cloudy about what life now and in the future holds in store.

REEVE'S REPORT

By Les Miller, Reeve
County of Parkland

On the first report in the new year, may I extend to all of you Council's wish that you may have a happy and prosperous 1972. We look forward, in anticipation, to another year of continuing activity and growth in the County, which should be to the benefit of everyone.

My fellow Councillors have given me the honor of serving as Reeve for the coming year, so I will be continuing these reports of the previous months activities in the County. You will have seen the other committee appointments in the minutes. To clarify the meeting dates, they are as follows: School Committee, 1st and 3rd Tuesday each month; Council, Thursday following School Committee; Development Board, Wednesday after 2nd School Committee Meeting; and Agriculture Committee, Friday following 2nd Council Meeting.

The board order regarding the city annexation has as yet not been received, so we still do not know where we stand in that regard. We do expect it shortly, so the uncertainty will be ended.

We were not successful in getting the entire County included in the government program of partially guaranteeing loans to purchase livestock, however, the area of the County west of the 5th Meridian has been included. Details are available from the District Agriculturist.

An airport in the County near Drayton Valley is being planned. Because we feel it will be of benefit to the County, as well as the Town of Drayton Valley, we have agreed to get involved, to the extent of doing the earth for the runway and providing snowplow service during the first three years of operation. There will be further reports as this project progresses.

A failure in the boiler of the old Oatway house in Stony Plain, which was rented to the Stony Plain-Lac Ste Anne Health Unit, has necessitated construction of a new building to house the Health Unit. After much controversy, Council has decided to rebuild on the same site and are calling for tenders to demolish and remove the old building. Cost of renovating and repairing the old building made that alternative completely impractical.

The assessments of cement silos under dispute by Inland Cement (Genstar Ltd.) for the years 1966 to 1971 inclusive, have now been adjusted by the Alberta Assessment Appeal Board in accordance with a ruling handed down by the Supreme Court of Alberta. On the basis of the reduced assessments for the various years, a total amount of \$137,135.65 overpaid taxes has to be refunded to Genstar Ltd. It sounds ridiculous that an assessment appeal should take this long to settle, but that is the case. The taxes in dispute had been set aside by your Council in a reserve fund, in the event that this would happen so that now this refund will not

come out of current revenue, but from that reserve.

We have just employed a new Development Control Officer for the County, Mr. Frank Florkewich of Carvel. Frank brings a wealth of experience to the position with his knowledge and experience in the construction and development field. Frank is an engineering technologist and thus will be able to greatly relieve the Public Works Department of much of their load in sub-division work.

Council is concerned over the apparently large number of ratepayers who did not complete their application for the 1971 home-owners tax discount by December 31st, as required by legislation. We advertised the fact that this was required in three issues of the paper and also sent a letter with the tax notices. We are asking the government to extend the period of time for filing these applications by another 60 days. We are hopeful the government will see fit to grant this extension.

As the New Year commences, may I once again thank you all for your past co-operation, and ask for your comments and suggestions on the operation of your County so we may be enabled to serve you more fully.

Sincerely,
Les Miller, Reeve.

Congratulations to Mrs. Marlene Orchison who won an expense paid trip for two to an NHL game in Vancouver, B. C. on December 17th. Unfortunately she and her husband were unable to go so Archie Callioux and his wife bought the tickets from Marlene and attended the game.

Mr. Ray Patrick visited with his daughter, Joyce and family in Edmonton during Christmas holidays.

Fallis district welcomes Mr. and Mrs. David Wall who are the new owners of the Pheasant Ranch formerly owned by Mr. Tom Walkenden, now living in Edmonton.

Mr. and Mrs. Flood, daughter and son-in-law of Mr. and Mrs. John Schymizek, flew up by plane from Samia, Ontario, to holiday with them at Eureka Beach.

A thank-you note is extended to Mr. Frank Schymizek who made and varnished a wall case for the community hall to hold the baseball trophies. The wall case is already on display in the hall.

Mrs. J. Pint would like to express her thanks to Dr. Krizinger, the staff, nurses and other doctors during her recent stay in the hospital while she underwent minor surgery.

Gus Pilatski's niece's husband came up to his place to spend Boxing day with him.

Glad to hear that the Dunning baby is home again after a stay in the Stony Plain Hospital.

Pete Mastaller from Wabamun, Bill Ignatowski from White Wood Sands Beach and Denny Makks-

mann from Hom were guests at the home of Mr. and Mrs. Mike Mastaler over the New Year's weekend.

Bingo was held in the Fallis Community Hall on January 7th with a large crowd in attendance. The next bingo will be held on January 21st with the regular jackpot of \$140 to be won in the five first calls on any game other than share-the-wealth and the bonus jackpot of \$25. These will be won in the tenth game in 59 numbers.

Mr. and Mrs. Frank Winters from Edson were recent visitors to the home of Mr. and Mrs. Bruce Winters and family.

Mr. and Mrs. Henry Wilkie spent New Year's at Lake Isle with relatives.

Deepest sympathy from the district is extended to Gus Pilatski and relations on the death of his wife Hazel Pilatski on January 7th. Mrs. Pilatski leaves her husband, Mr. Gus Pilatski, four children, Frank Webber of Edmonton; Norman Webber and family of Redwater; Mrs. Lucille Korusb at Smokey Lake; Mrs. Candice Lively of Anahame, Cali-

fornia and her niece and nephew, Shirley and Albert Larson of Calgary. Mrs. Pilatski had seven grandchildren and eleven great-grandchildren.

Funeral services were held in the Fallis Community Hall on January 11th with Reverend Unlett from Sherwood Park residing. Councillor George Mann led in singing "Abide With Me" and "Jesus is Calling" accompanied by Mrs. Unlett and Mrs. Bruce Winters on the organ.

The pallbearers were Albert Larson from Calgary, Bruce Winters, Robert McCulloch, Frank Schymizek, Andrew Klovanski, and Henry Wilkie from Fallis. Lunch was served to Rev. Unlett and his wife, pallbearers, relations and friends after the services by Iris Wilkie, Joyce Wilkie, Joy Nay, Margaret Orchison, Mrs. George Mann and Mrs. Carole Mickel.

"I get up as soon as the sunlight strikes my window."

"Isn't that somewhat early?" asked a friend.

"No, my window faces the west."

MILTON HOWG

Marshall-Wells Changes Hands

Milton Howg, originally of the Lethbridge area, officially took over Drayton Valley's Marshall Wells store on the 1st, and opened January 5th.

Mr. Howg purchased the business from the estate of the late Ron McCartney, who lost his life in a boating accident at Lake Isle last summer.

Although he has not operated a hardware-type business previously, he has had 15 years of farming experience and three years of wholesaling in Edmonton.

Married and with two children, Mr. Howg felt that Drayton Valley had a lot to offer and that the store, itself, would prove to be an interesting and different experience.

Born in Lethbridge, Mr. Howg was raised in the farming district of Enchante, 45 miles from Lethbridge. Three years ago, he moved to Edmonton where he managed a wholesale business.

Although he has no plans for expansion as yet, he does see improvements depending on how the business goes.

Duck Brochure Now Available

The reverse side of the chart contains a detailed story of Ducks Unlimited, their work in Canada, and the many benefits which this work produces. Information on waterfowl breeding areas, migration routes, and waterfowl banding is also given.

The brochure replaces the Ducks Unlimited publication entitled "Waterfowl in Canada". It is available free of charge by contacting: Ducks Unlimited (Canada), 1495 Pembina Highway, Winnipeg, Manitoba.

Mailing 22.2 million booklets is a big job.

Tax reform legislation has been passed by Parliament and is now law.

What does tax reform mean to you? How will it affect you?

To answer these questions, the Department is conducting a massive national mailing program. Booklets are now being printed and mailed to all taxpayers as quickly as they come off the press.

The complete mailing will be finished in about three weeks.

All taxpayers will receive at least two booklets—

"Highlights for Individuals" and "Valuation Day". These should provide answers to most of your questions.

Some taxpayers will receive additional information, according to their specific needs.

Read your booklets. Afterwards, if you have questions, ask us. We'll be glad to help.

You will find that your booklets will make it easier to file your income tax return in 1973, because they will help you to prepare now.

Clippers End Hectic Week

The Clippers this week retained their position in the standings by losing 4 - 2 to Ponoka on Wednesday and 2 - 0 to Camrose Friday. Saturday at Innisfail, the Clippers capitalized on miscues and defeated Innisfail 6 - 3. Sunday at Olds it was all Clippers as they outshot Olds 55 - 16, but ended up with a 5 - 5 tie.

The scorers for the Clippers in the four games were Dean Samis

with 3; Bruce and Mark Hutton and Kevin Riech with two; singles going to Darcy Galvin, Craig Featherstone, Ron Riech, and Ken Fournier.

Next Clipper game is against Ponoka at the Civic Centre. Sunday Clippers play Carstairs in a league game and also participate in a Minor Hockey Midget B Tourney. This tournament includes four teams.

Clothing Depot Busy Recently

The local clothing depot has been very busy during the months of December and January. Over forty people have been helped each month. There have been two "bees" to sort clothes.

Right now there are enough cartons to fill the back of a half ton truck, ready to go to the Salvation Army in the city. Anyone who is going to the city and could spare a half an hour to take these clothes to their destination is asked to phone either Mrs. Tyler 542-3487, Mrs. Kowal, 542-3217 or Mrs. Brisebois 542-3537.

One of our workers has taken some of the used clothes and converted them to baby quilts, something that is always needed. To make baby quilts old washed nylons or panty hose are required.

Although there has been a tremendous quantity of good children's clothing lately a tremendous quantity has been given out. Right now children's jackets (winter or summer), slacks, particularly in the age group two years - twelve years are needed. There is as usual a desperate need for men's work clothes, jackets, pants, shirts, underwear and shoes. Larger women's clothes have been sent and lately the supply is just keeping pace with the demand.

It has come to the women's attention that many of the ladies of the town use their old diapers for dusters. We would ask these ladies to please use another cloth for

dusters. Those diapers are needed to use as diapers as the depot receives practically no used diapers at all and there is always a need.

People desiring to help fire victims, and lately Drayton Valley area has had more than its fair share, should phone any of the three ladies listed above and tell these ladies of the items that they are willing to give away. Lists will be made and then if the articles are required the people will be asked to drop them off at the depot. All fire victims are contacted by our committee and it is much easier for fire victims if the help is organized by someone else.

As you clean your house, please

take all boxes of used clothing and unwanted household items to the basement of the town hall. People requiring the aid of the depot may contact any of the ladies mentioned in this article.

Most of their dances will be done in hot pink outfits under blacklighting. Working with the seven girls in their production of Joseph's Amazing Technicolor Dreamcoat is Karen Kirkwood of the Drayton Valley Figure Skating Club, who is a professional skater and accomplished dancer.

Rehearsals Underway for 1972 Drama Pageant

The Drayton Valley Junior High students continue to spend numerous hours in rehearsal for the 1972 Drama Pageant.

Fifty students now comprise the show's cast but more casting is to be done. The great need now is for the making and pur-

chasing of costumes. The estimate for this is \$1,000.00 and in order to raise this sum the production cast and crew are holding a wake-a-thon on February 3rd and 4th. They will be going out into the community for sponsors and if you feel that this is a

worth while youth endeavor please consider on giving your sponsorship to them.

Gainford News

On Christmas Eve several friends gathered at the home of J. Hauser for a belated surprise party in honour of Mr. and Mrs. Bill Stevenson's twenty-fifth wedding anniversary. A two-tiered wedding cake was the centre of a beautifully decorated table. The evening was brought to a close with the opening of gifts.

Tuesday, Mrs. Lawley drove to Edmonton to see her mother, Mrs. Woodley, who is in an Edmonton Hospital after suffering a stroke before Christmas. Mrs. Lawley took Ruth McLellan along to help her walk in parking lots, as she is not too good on her leg yet.

Esther Strachan and family from Edson called in at the J. W. Millar home on their way to Edmonton, to wish them seasons greetings.

The Hauser family spent Christmas day at the home of her mother, the Harry Clarks.

Visitors at the home of Linda Walaschuk were Mr. and Mrs. Gordon Mills of Valemont and Bob and Marie Fenty and girls from Red Deer.

The flu bug is making the rounds -- those hard hit were the Hausers, the Carlsons, the Butts, and the Lawleys.

The Bob Matheson family spent New Year's Eve and New Year's day at the home of his parents. Bob is a New Year's baby, so he also celebrated his birthday here. They were also guests at the home of Linda Walaschuk on New Year's night.

On Wednesday, Mrs. Lawley attended an Artex Seminar in Ed-

monton. Returning by bus, she was caught in the midst of a wicked wind and snow storm which hit the district. Visibility was nil, and many places report damage to property, power and other facilities.

Mike Greaney and family spent New Year's with Loraine's parents, the Grant McDougalls at Mayerthorpe.

Congratulations to Linda Walaschuk who got her driver's licence on Friday.

Among the Christmas day guests at the Wayne Lenz home were Carol's parents, Mr. and Mrs. Kaiser, her sister Blanch, Les and Verla Evans and children.

The first combined meeting of the Royal Purple and the Elks was held Thursday in the hall. About 22 attended and the ladies served lunch at the finish of the evening.

A New Year's party was held at the home of Bud and Eileen Lenz, with guests from Seba Beach and surrounding districts. Buffet lunch was served during the evening, which was filled with games and dancing to Guy Lombardo.

Jim and Joan Goebel and family of Stony Plain and Art and Linda Beckett of Wabamun were visitors in Gainford during the holidays.

Colin and Elsie Thurborn purchased the school bus formerly owned by Wilford Quigg, and will start driving for the Parkland District Monday morning.

Tomahawk News

The catering committee and telephone convenor of the Tomahawk and District Club would like to extend their thanks to all those in the Tomahawk area for their donations and co-operation in the past year. Especially for the last Social evening and the New Year's smorgasbord.

The Tomahawk and District Club had their monthly meeting in January 10th. A fair attendance was present. Plans are being made for a Valentines Moccasin dance and skating party, probably on February 18th. Also plans are being made for a "Beer Festival" on St. Patrick's in March. So keep these dates in mind.

It was decided to book an orchestra now for the next New

Year's eve social. Last year an orchestra was booked in April but not too long before Christmas the orchestra disbanded and did not notify the club, so it was fortunate to obtain music at such a late date.

The Treasurer will be getting the books audited and an annual statement drawn up for Tomahawk and District Club's annual meeting in March.

We wish to welcome Mrs. Gail Gratkowski to the teaching staff in Tomahawk. She teaches grades seven and eight, replacing Mr. O'Farrell. Mrs. Gratkowski's husband is an R.C.M.P. Constable at Drayton Valley. Mrs. G Gratkowski and Miss Shermack, our Math teacher travel together

from Drayton Valley to Tomahawk.

Mike Zander came home from the hospital January 6th. On January 10th Mrs. Mike Zander was taken to the Drayton Valley Hospital with pneumonia.

Lucky Ellen and Finlay Shaw are leaving for California on January 16th on a three week holiday.

Congratulations to Howard and Doris Brydger who celebrated their 25th wedding anniversary on January 13th.

The Tomahawk Men's Hockey teams lost their first game this year against Wabamun Men's hockey team.

Curling is in full swing for another season with a full slate of

sixteen teams. A number of new curlers and some first time curlers are curling this season.

D. V. Highlights

BY MRS. EDITH DEBY

Our sympathy is extended to Mr. Bert Telford whose father passed away last week.

A warm welcome to Mr. and Mrs. Fred Hill who have just moved to our town from Samia, Onatio.

Mrs. Douglas Barnes is visiting with her parents, Mr. and Mrs. M. M. Watt, in Penticton.

Mrs. Barbar Eben writes that she is teaching nursing in Lachine, Quebec. Mrs. Eben is remembered with gratitude by many Drayton Valley long time residents. She is the former Miss Barbara Whittaker and was the first resident health nurse in the Anglican Mission. Each year Mrs. Eben writes to Mr. Chester Miller and he very kindly passes news of her along to the rest of us.

The Marshall Wells Store has been sold and Mrs. McCartney plans to make her home in Red Deer.

Born to Corporal and Mrs. Gordon Reynolds, a daughter, Corrine Elizabeth Joan, a sister for Richard and a granddaughter for Mrs. Joan Reynolds, of Drayton Valley. Corporal Reynolds is stationed at Chilliwack.

In the seven days of his holiday Michael Gormley crowded in an unbelievable amount of travel and sight seeing. Travelling by bus he made San Francisco his destination. He had brief stops at Salt Lake City, Utah and Reno, Nevada. Although Michael feels San Francisco has a great deal to offer in the way of history and scenery he finds the city much too crowded for his liking. Fine weather made his trip up the coast to Portland and Seattle very enjoyable.

Our sympathy is with Mrs. James Cargill and Mr. William Kelso whose mother passed away on January 6th in Wetaskiwin.

Mr. and Mrs. Ray Wieting welcomed a son on January 5th, a brother for Melanie.

Rees Wolsey left Utah last week for Switzerland. For the next twenty-two months he will be on a mission for his church, The Church of Jesus Christ of Latter Day Saints.

Winners at the Dunington whist party on Saturday night were: High, Joyce Smithinsky and Mr. Otto Stordalsvoll; and low, Mrs. Freeman Hill and Robert Hewlett. Next whist will be on January 29 in the Dunington Hall weather permitting.

We are sorry to see Mrs. Roman Vovk in hospital. Your friends all hope to hear much better news soon, Mrs. Vovk.

Stony Upsets Voyageurs

Although try as they may, the Voyageurs couldn't get on track or get organized against the aggressive Stony Plain team. The home team could not come through for their some 105 fans who attended their game last Saturday night. To win you have to score, and this is exactly what Stony Plain did against our Voyageurs, beating the home club 8 - 1.

Bill Hutchinson scored the opening goal of the game at 4:57 of the first period, only to have the visitors come back with 5 goals to end the scoring in the first period. Two more goals were scored in the second period

Boxing returned to Drayton Valley with a bang last Saturday night as some 285 boxing fans witnessed an excellent 18 bout card. The show was held at the Drayton Valley Junior High School Gymnasium and was sponsored by the Pembina Boxing Club and the Drayton Valley Athletic Association.

In the main event of the evening the Canadian 132 champion and Olympic aspirant Dale Anderson of Rocky Mountain House won a close split decision over

Anderson Edges Duperron In Saturday Boxing Card

Bert Duperron of Drayton Valley in a torrid three round battle. The experienced Rocky Mountain boy came on with a flurry late in the third round and finished strong to carry the decision of two of the three judges. Duperron's strong point was his poise in fighting where he had an edge over the crafty Anderson. It was a thrilling battle from bell to bell with little to chose between the two boys.

In the semi-final Walter Mastre won a split decision over Tim Turner of Whitecourt in a 151 pound three round bout. In the other matches on the card Jesse Ellis of Breton won a unanimous decision over David Andrews of Drayton Valley in the 100 pound class. Kelly Standard of Breton at 85 pounds won a close split decision over Bruce Anderson of Rocky Mountain House. Garrett Jackson of Tofield edged Eddie Lauer in a 70 pound bout and in the 65 pound class Jimmie knight of Breton won a close but unanimous decision over Calvin Calihoo of Hinton. Ray Duperron came in at 147 pounds and came through with a unanimous decision over Tofield's Garth Jansen. David Knight 85 pounds of Breton won a close one over Aldon McRae of Rocky Mountain House. Rick Klippert, 139 pounds of Drayton Valley stopped Adrien McAwisky of Whitecourt in the second round.

Vern Phillips of the Pembina Club stopped another Whitecourt boy Stuart Jansen in a 120 pound bout and Kevin Cole of Hinton was defeated by Lorne Lee of Breton in a 90 pound match.

In the Junior preliminary matches at 60 pounds Trent Jackson of Tofield edged Garry Skait of Rocky Mountain House. Robert Hacter of Rocky won over David Horvath of Drayton Valley at 75 pounds. Darin Main of Hinton won a close split decision over Steven Strickland of the Pembina Club in a 80 pound bout, at the same wight limit Ken Podgurney stopped Allan Stewart of Drayton Valley at 65 pounds. Shawn Ellis of Breton won a unanimous decision over Shane Strat-tan of Whitecourt. Breton's Doug Stein edged Ray Hater of Rocky Mountain House and in the opener Laurie Sarvis of Breton won over Drayton Valley's Melvin Laurer in the 50 pound class.

CATTLE - Canada	52,235	Alberta	21,205
HOGS - Canada	189,015	Alberta	39,672

SUMMARY

Under severe winter conditions with temperatures ranging to 40° below zero throughout the trading area, receipts fell off sharply after the first two days of the week. While there was a fair offering of slaughter classes sales were mostly replacement classes and cows. Trade was only moderately active with buyer pressure prevailing on slaughter steers and heifers which sold under closer sorting 25 to 50 lower for the week. Butcher cows and bulls were generally steady. Replacement classes fully steady to firmer on some classes.

SLAUGHTER CATTLE AND CALVES

Top quality slaughter steers opened under pressure at lower prices with one load topping 34.00 and worked lower to a practical top of 33.50 as the week closed. Butcher heifers were barely steady under close sorting with noticeable discounts on overfinished kinds. One load of top quality heifers sold to 31.50 in the closing rounds. All grades of cows were 50 lower for the week with very few sales over 21.50 for good cows. Bulls steady. Veal and butcher calves unchanged.

REPLACEMENT CATTLE AND CALVES

Prices on all classes were mainly steady although there was some unevenness due to an uneven demand for some classes. Good light feeders (500 - 600 lbs.) were selling high in quotations. SHIPMENTS

Last week's shipments off the Edmonton Public Stockyards were: East - 67 slaughter, West to B.C. - 31 slaughter. Feeders to other than local areas - 1125 to central and southern Alberta. 165 calves were through-billed from B. C. to Ontario.

Lindale News

The skating rink at Lindale School is still being flooded and worked on to make ice suitable for skating and hockey.

A trip to Edmonton to attend hockey and basketball games on January 14th and 15th is being planned for students from Lindale School from grade five up. Supervised sleeping accommodations will be provided at St. Pauls United Church. Mr. and Mrs. Ward, Miss Turner, and Mr. Gender are on the supervising staff.

The strong wind which swept through the area on Wednesday night, January 5th created a few snowdrifts, blew down a few trees, and clotheslines, scattering a few clothes around, as well as causing a temporary power outage.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:

My husband and I are separated. We have been over a year now. However, I still want him back. We both have grounds for divorce. He is living with a 19 year old girl, so I have the grounds of adultery. After he left, I had an affair. I felt guilty and told my husband about it, so he had grounds for divorce too. Last weekend he came home and we spent the weekend as man and wife. I believe this cancels out his grounds for divorce, since in action he forgave. However, do my grounds still stand by way of the fact that he's still living with her? You see I want to buy time and maybe the other girl will get fed up. I want her to leave of her own accord and my husband must come home of his own accord if our marriage is ever to work out. We have two children. I work full time and I receive an allowance from my husband for the children. I am a Christian and want to act in the light of Christian love and teaching.

Signed: Concerned.

Dear Concerned:

My legal counsellor tells me that you have not forfeited your grounds for divorce, but I do feel that you are going about a reconciliation the wrong way. You can't buy your husband back with sex or anything else. He needs to want the healing of the marriage and you do too. It would be best for you to start counselling yourself and find out exactly what your real feelings are for your husband, and why you involved yourself with an affair of your own. Your husband needs to find out why he's willing to spend a weekend with you and then return to the common-law relationship with two children of his own for whom he is responsible and whose lives will ultimately be affected. You might start your counselling with the clergyman of your choice or with a counsellor outside your community who

is a committed Christian as well.

Dear Mr. Cantelon:

Could you please give me your comments on this problem. I am a widow. During the past five years I stayed on our farm with one child. During this period I have received allowance from the Provincial Social Development Office. My mother was living with me also, and as she was paying me board this was deducted. My daughter will finish her Grade XII this coming year. When the case-worker made his visit this fall, he made the statement, "do you know this will be the last year to receive payment?" I know this applies to her, but it has me worried whether or not he meant me as well. Our total allowance is barely enough to live on. I still have the farm. It has been in the hands of the real estate agency for three years now, but has never been sold. I don't know what to do.

Signed: Disturbed

Dear Disturbed:

Make an appointment with your case-worker as soon as you can. Ask him to put in account form what you can expect after your daughter graduates from high school. There certainly will be some support coming, but it would be best to know now just where you stand.

Challengers Salvage Tie

On Sunday afternoon the Burrows Motors Challengers had to come from behind in order to gain a 5 - 5 tie with the Columbians, the first place team in the Knights of Columbus, Double A Bantam Organization. EVANSBURG AREA NEWS

EVANSBURG HIGH NOTES

This year's Christmas party held on December 17th was considered a success with Master of Ceremonies for the afternoon being Keith Lorenz.

The Homberger's Music 10 Class was first on the program. Next was a play done by Drama 10 called "My Cousin From Sweden". Three Christmas carols were then sung by Mr. Kear's Franch 20 Class.

Following this, a few numbers were played by the school band. Cathy Beach did an excellent job playing Scrooge in "A Christmas Carol". The highlight of the afternoon was a skit performed by the teaching staff entitled "The Girls Ask The Boys".

Hat and Tie Day was a success in that total of \$100 was collected in fines from those students with no hat or tie.

Exams will soon be here as the first semester ends on January 28. The Grade 12's have really got their noses in their books now.

The past few weeks have been very busy for the Sr. boys and girls Basketball teams. On Saturday, January 15th both teams will travel to Hinton for a game.

The school's orphan child is a fourteen year old girl named Kathleen Knowles. A dime day will be held on Wednesday, January 12th. Money collected will go towards the \$10 per month needed to support Kathleen.

Plans are now being made to take two bus loads of students to Ice Capades on January 14th.

Evansburg News

The Pembina Merchants Hockey team (seniors) played against Winterburn Sunday evening and were defeated.

Recreation classes still in the news - Leather Tooling and Carving registration will be held Monday, January 17th in the Evansburg High School at 7:30 p.m. Adults \$5.00, teens \$2.50 and Senior Citizens free. Mrs. T. Mitchell is instructor.

Soft leather craft class will register February 3rd at the Evansburg High School at 8:00 p.m. Adults \$5.00, teens \$2.50, Senior Citizens free. Mrs. Annebelle Taylor instructor. Mrs. Taylor advises all those interested in taking the class to phone her at 727-3595 as to what garment you wish to make with soft leather so she can help you get pattern and material before classes start.

Mr. and Mrs. Harold Beynon returned from a trip to Las Vegas, Los Angeles and Mexico. They were accompanied by Dr. H. Goba. They motored to Port Coquitlam, B. C. where they had Christmas with their son Terry, his wife Marlene and two daughters. Terry is stationed with the R.C.M.P. in Vancouver. They reported winter weather and poor road conditions as far south as Sacramento, after that the weather was ideal in which they could enjoy golfing. The return trip provided wintery weather and icy roads from Denver, Colorado and northward. On reaching Lethbridge and Fort MacLeod they found the roads blocked and winds blowing 90 miles per hour.

Best wishes for speedy recoveries go to Mr. George McGowan who is in the Drayton Valley Hospital, also to Mrs. McGowan who is sick with the flu at home; also to the many more that are down with the flu. Mrs. H. Schnur is also a patient in the Drayton Valley Hospital.

Legion and Auxiliary Installation

The Royal Canadian Legion and Auxiliary held a joint installation of officers on Sunday evening January 9th with District Commander Comrade P. Rossiter installing the men and Madame B. Bujea to install the ladies. After the meeting and installations a social hour followed with a lunch served by the ladies.

Legion officers are: President, Fred Fausak; Past President, Jerry Pehrson; 1st Vice-President, Mike Hotra; 2nd Vice-President, Pete Krminuk; Director Pete Peterson; and Secretary-Treasurer, Alfred Proehl.

Auxiliary officers are: President, Audrey Langer; 1st Vice-President Mary Cumming; Secretary-Treasurer, Marj Peterson; Sergeant-at-Arms, Annabelle Taylor; Directors, Olga Kremminuk, Annie Graham, Annie Tucker, Mary Lewiski and Diane Osborne.

Dennis Sherbanuk of CFCW presents Adele Bura of the Highway 16-A 4-H Tractor Club with a tape recorder as a "nose-for-news" award.

Vic Rosadiuk (L) presents Mr. Kiddie with a pen set in appreciation of his work for the 16-A Tractor Club.

Tractor Club Names Officers

Although late in reorganization, the 16A Tractor Club is now well on its way with the year's projects.

At the reorganization meeting, the following were elected: President, Allan Mazeppa; Vice President, Kelvin Dimer; Secretary-Anthony Rosadiuk; Treasurer, Vic Rosadiuk; Reporter, Lee Bruner; and Club leaders, Mr. Mazeppa, Mr. Dimer, and Mrs. Bruner.

The meetings have been held at the Bruner home on the third Wednesday of each month.

It has been decided to have the two beginning members take the second year work as well as the first year work so that there will be only one class.

On December 15th, instead of a regular meeting with mechanical work, the club welcomed Mr.

and Mrs. Dennis Sherbanuk from CFCW radio station. Mr. Sherbanuk presented Adele Bura, last year's club reporter, with CFCW's "Nose for News" award. The club is proud to have won this tape recorder for club use and thank CFCW, as well as Adele for the hard work she did to earn it.

The club members took part in Christmas celebrations with other 4-H clubs in the area.

On December 15th, last year's club president, Vic Rosadiuk presented Mr. Keddie, high school teacher, with a pen set in appreciation of the work he had done for the club last year.

Since the club was behind in project work, a special project meeting was held at the new home of Mr. and Mrs. Mazeppa to get caught up with all the book exercises to be done.

YOUR WILL

According to a pamphlet released by Canada Permanent Trust, more than half of the Canadians who died in 1968 did not have a will. This is really shocking when you realize the importance of a will in settling an estate.

Your Will -- Your will is your most important document. The purpose of making a Will is to distribute your property according to your wishes. Both husband and wife should have a Will.

Any mentally competent person of 21 years of age or if married, 19 years of age, may make a Will.

If your husband already has a Will, you should check to see if it is up to date with respect to any changes in your family situation and also with respect to changes in legislation.

A Will should include the date, signature of the Testator (person making the Will), name of Executor or Executrix who you wish to manage your estate, name of guardians for your young or handicapped children, common disaster clause especially where there are no children, list of how you want your property distributed.

Specialists in estate planning suggest that in most small or medium sized estates the husband and wife simply name each other as sole beneficiary and executor, with the children as substitute beneficiaries in the event the parents die together.

Guardians -- It is especially important for parents to draw up a Will and name guardians for children under 21 and for children who are physically or mentally handicapped. You should consider guardians who have a similar background to your own and don't forget to ask them if they would undertake the responsibility. Grandparents should not be asked to act as guardians. For one thing, they have already raised you and they should have the pleasure of acting as grandparents and not as parents.

The Public Trustee interferes when children under 19 years are involved. The Public Trustee protects the interest of children and widow when there is no Will or guardians have not been named.

Your Will should be drawn up by a lawyer. Cost of drawing up a Will starts at \$25.00 and goes up. The cost is set by the Alberta Law Society. Copies of your Will should be kept with your lawyer, in your safety deposit box and at home. A Will can also be registered at the Courthouse in your judicial district.

If you move from province to province, it is wise to check your Will with the laws of the province you are moving to.

A Will can be changed anytime by making a new Will or by adding a codocil (a document in the form of a Will amending the original Will).

For more information on Wills and Estates - the publication "Wills and Estates for Albertans" is available from our office (Box 510). A series on the Legal Aspects of Farming is being held Mondays, January 17, 24 and 31 at the Winterburn Hall at 7:30 p.m. The first session January 17 will deal with Will and Estate planning with Cal Brandley speaking. At the second session, January 24th Gordon Flynn will discuss recent changes in the Income Tax Act.

Even back in the Stone Age when women wrote down their ages they were chiselling.

Alberta's Ombudsman exists for one purpose . . . so that if any person or group suffers an injustice at the hands of a department or agency of the Government, someone in authority will listen. And do what he can to redress the wrong.

Anyone who believes he has a grievance against the administration of the Government of Alberta, and has exhausted all normal appeal procedures, is entitled to present his complaint to the Ombudsman.

Complaints must be presented in writing. They may relate to decisions, recommendations, acts, or omissions made by any department or agency of the Provincial Government, which the complainant feels to be discriminatory, contrary to law, unjust or wrong.
